## We are glad you are here!

Dear Ms. Sharma

Congratulations on taking a huge step towards Your Richest Life! Your Yfin Financial Plan will show you how to take control of your money and give you a complete to-do list to get there. Financial Planning may sound intimidating, but it is really just **four simple things**.

**Note:** Your net worth is one measure of your financial health. It changes as you pay down debts, make investments, or take new loans. There's no "right" number, but it should grow each year.

## YOUR INCOME

You told us that your take-home- pay is 30,000. Remember, this will differ a lot from what is your "CTC"- we are talking of all the deductions, including taxes and other contributions you have before the salary comes to you.

Take-home Salary	=	30,000
Other Income	=	0
Total Income	=	30,000

## YOUR EXPENSES

Nobody likes to budget, so to make this important process a bit easier, we split spending into two camps and provide rules of thumb about how much is too much.

### ESSENTIALS

+

### CHOICES

=

### TOTAL SPENDING

Housing  
Utilities  
Groceries  
Transportation

Shopping  
Eating Out  
Personal Care  
Everything Else

#### RULE OF THUMB

NO MORE THAN **50%** OF YOUR  
NET INCOME

#### RULE OF THUMB

NO MORE THAN **30%** OF YOUR  
NET INCOME

#### RULE OF THUMB

NO MORE THAN **80%** OF YOUR  
NET INCOME

We like these rules of thumb because people typically need to set aside at least 20% of their income to achieve their Financial Priorities.

But these guidelines are still pretty general- let's take a look at what your spending looks like.

How you spend your money is honestly up to you but we are here to help you understand how much you need to put aside to achieve your most important financial priorities.

### ESSENTIALS ARE 15.0% OF YOUR NET INCOME

Housing	4,500
Utilities	0
Groceries	0
Transportation	0
Other Essentials	0
Total	4,500

### CHOICES ARE 40.0% OF YOUR NET INCOME

Shopping	5,000
Eating Out	1,000
Personal Care	2,000
Others	4,000
Total	12,000

**Total Expenditure is 55.0% of your Net Income- 16,500**

## ACHIEVING FINANCIAL SECURITY

Now that we know where you stand, we can talk about your Financial Priorities. YfinAdvisoR places three Priorities above the rest:

- Emergency Fund
- Retirement
- Paying off debts

These define your financial security and make it possible to accomplish other goals down the road. To make sure you're fully protected, we emphasize hitting certain targets for these goals before moving on to anything else.

# YOUR KEY STATS

WE ADVISE YOU TO  
SAVE

## YOUR GOALS

**Monthly Savings: 13,500**

Order	Goal	Achieved
1	emergency	Not Met
2	fund for retirement	Not Met
3	buying 3BHK flat	Not Met
4	holiday	Not Met

## GOAL 1: EMERGENCY

We believe that everyone should have an Emergency Fund equal to 6 months of their net income, and it should only be used in emergencies like Job loss, medical emergency, etc.

You should not use this fund for leisure purposes like vacation, shopping etc and once you break this fund for some emergency, it should again be funded ASAP.

<b>Your Net Income per month</b>	-	<b>30,000</b>
<b>Your Emergency Fund should have</b>	-	<b>180,000</b>
<b>Funds you already have</b>	-	<b>2,000</b>
<b>Funds required to be added</b>	-	<b>178,000</b>

## GOAL 2: FUND FOR RETIREMENT

### WHY RETIREMENT SHOULD BE YOUR PRIORITY?

#### INFLATION

Put simply, inflation means higher prices. By the time you retire, prices will likely be higher than they are today, which means a rupee will not go as far tomorrow as it does today. Since each dollar will buy slightly less in the future, the answer is simply to save more.

#### HEALTHCARE

On one hand, advances in health care mean that we're living longer. On the other hand, that means caring for ourselves in old age is more expensive.

#### INDEPENDENCE

Unlike old generations, who could count on Social Security and large pensions, we're largely on our own to fund our retirement.

### Am I On Track?

Current Status		
I Save <b>INR 0</b> Per Month	My Post- Retirement Income Is* <b>INR 0</b> Per Year (In Today's Rupees)	Which Is <b>0.0%</b> Of My Current Salary

YfinAdvisor Recommends		
I Should Save <b>INR 4,430</b> Per Month	My Post- Retirement Income Is* <b>INR 252,000</b> Per Year (In Today's Rupees)	Which Is <b>70%</b> Of My Current Salary

### GOAL 3: BUYING 3BHK FLAT

Every one of us wants to have his own house to live in and for that one should at least plan to save for the down payment of the house at the earliest. When planning for the down payment, rise in the property prices should be accounted for as your dream house today might not be of the same value in the future.
